TM

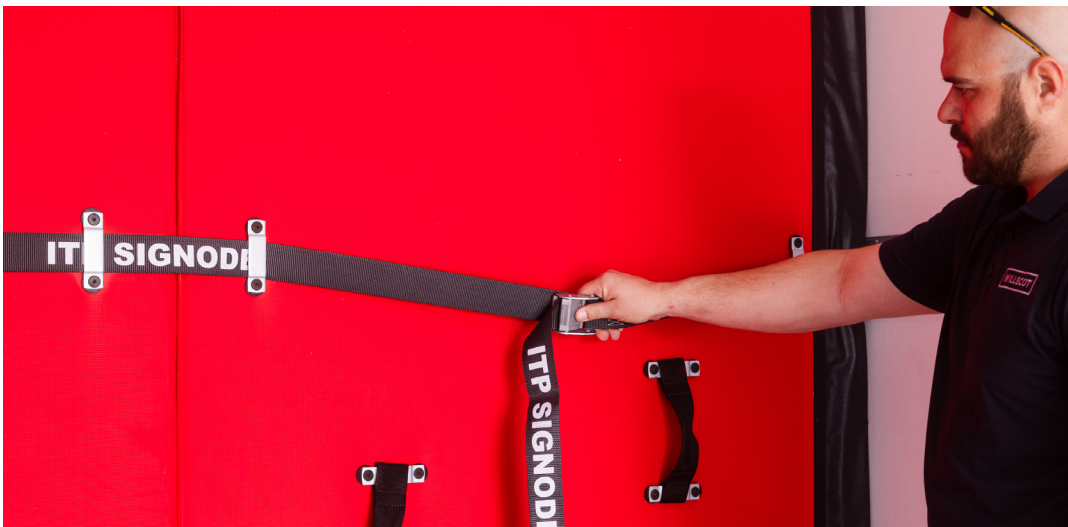

SPACE SOLUTIONS | 800.782.1500 | WILLSCOT.COM

Experience unmatched adaptability and durability with our insulated bulkheads, designed to be 25% lighter than standard models.

## STURDY & ENERGY EFFICIENT

This universal design fits a variety of trailer sizes and features a bottom scuff plate for added protection.

### FEATURES

Made to separate your container or trailer into different temperature-controlled zones

Open-cell foam construction helps minimize energy loss and maintain optimal temperature for sensitive goods

Designed with vinyl-laminated skin and a bottom scuff plate for faster loading and unloading

## LIGHTWEIGHT & EASY TO USE

Our bulkheads are lighter than standard models and feature webbed handles for easy lifting.

25% lighter than standard 3" bulkheads, making them easier to adjust

Webbed handles allow for effortless lifting and positioning
