# We help you keep your project moving

At WillScot, we know that manufacturing is an every-day, all-day, all-night endeavor. That's why when plant owners have special projects like expansions, refits, peak work or any other temporary situation, they call us to get top-quality mobile facilities fast. We handle the space, so they can keep production moving, uninterrupted.

## WE MAKE YOUR LIFE EASIER

As North America's largest provider of modular space, we have exactly the right units for your operations, ready to roll to any location. One call to us and you get the buildings and storage you need, complete with all the furnishings, fixtures, tech, security and more to make your space right from the start. We take care of every detail for you, so you can stay agile, fill your orders and grow your business.

## USES FOR PLANT OPERATIONS

- |                                |                               |
|--------------------------------|-------------------------------|
| Administrative offices         | Maintenance facilities        |
| Break rooms                    | Restrooms                     |
| Conference centers             | Security buildings            |
| Equipment and supplies storage | Shutdown / turnaround offices |
| Guard shacks                   | Training rooms                |
| In-plant offices               |                               |
| Inventory and parts storage    |                               |

# READY SOLUTIONS FOR MANUFACTURING

## LARGE STRUCTURES & COMPLEXES

Accommodate any number of people. Open up more floor space. Readily handle any need

Expand production to accommodate additional manufacturing lines and assembly areas

Quick set up to ensure minimal disruption to your operations

Order your unit data-ready with fast internet connectivity to keep your team connected

## MOBILE OFFICES

All sizes and configurations to meet any need, anywhere on your site

Create a more traditional professional office, with larger spaces and all the furnishings

Provide a comfortable environment for project managers, engineers and supervisors to oversee and coordinate manufacturing activities

Configure your space to be a conference center, a café, a breakroom, or all of the above

## FLEX®

Innovative, stackable modular offices that maximize space utilization when it's limited

Stack up to three stories on a small footprint and easily reconfigure as needs change

Designed and constructed with sustainable, energy-efficient materials

Sleek interior panels, lots of natural light – FLEX sets a premium, non-trailer tone

## GROUND-LEVEL OFFICES

Ready-to-go container configuration gets you set up and functioning fast

Our units can be placed in the tightest of spaces anywhere on your site

Shipping-container construction stands up to harsh weather and heavy usage

We can deliver the unit already outfitted with the furnishings and fixtures you need

## STORAGE CONTAINERS

Secure units to protect valuable worksite equipment, tools and supplies

Durable high-gauge steel construction holds up to harsh working conditions

A wide range of sizes and door configurations let you customize to your needs

Add PRORACK™ shelving, magnetic lights and sturdy locks for limitless customization

## BLAST RESISTANT MODULES

Keep your people onsite, productive and most importantly, safe

Built to withstand blast events up to 8 PSI and 200 milliseconds

Every unit is Avetta qualified and meets API Standard RP-753 guidelines

Easily placed on any hard surface, readily relocatable and stackable
