Make Any Occasion Spectacular with WillScot Clearspan Specialty Structures

Designed to meet the demands of any project, WillScot Clearspan specialty structures deliver unmatched customization and adaptability. These rapidly deployable solutions are built to fit seamlessly into any setting, from bespoke sporting events to global trade shows and large-scale shelters. With options like multi-level configurations, glass walls, PVC hard walls, flooring solutions, and custom graphics, every detail can be tailored to make the space uniquely yours. No matter the climate or surface, WillScot Clearspan gives you the freedom to build without boundaries.

COMPLETE INFRASTRUCTURE SOLUTIONS

WillScot Clearspan is your one-stop shop for customized infrastructure, eliminating the hassle of juggling multiple vendors. From initial design to seamless installation, we offer everything you need to ensure flawless execution, right from the start.

TAILORED SOLUTIONS

We offer lighting, climate control, power distribution, and even multi-story options—all designed to save you time and streamline your project.

SPACE AND DESIGN FLEXIBILITY

Choose from a variety of standard widths, lengths, and designs—from A-frames to tension fabrics—or customize your structure with branded exteriors, colors, finishes, and tailored layouts.

EASE OF INSTALLATION AND PORTABILITY

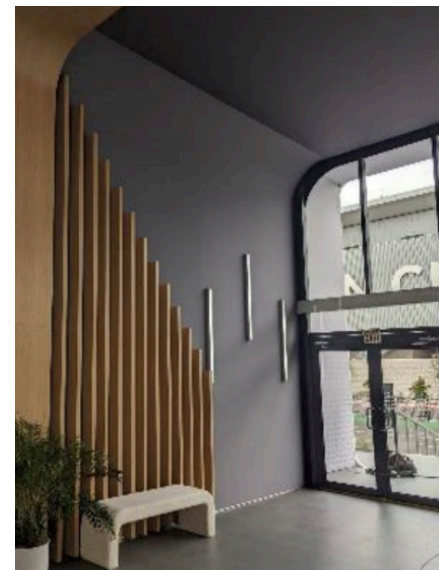

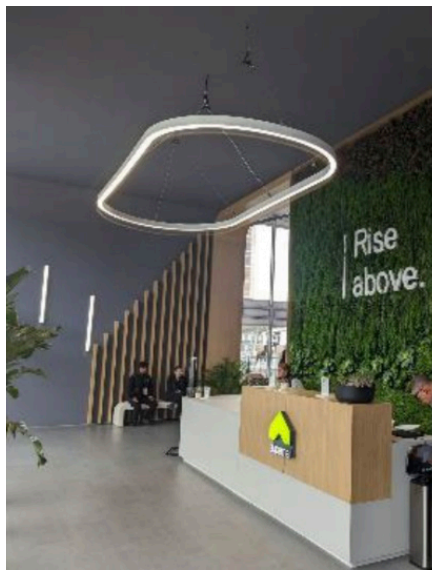

Our structures are easy to assemble, disassemble, and relocate, saving you time compared with traditional buildings with more complex infrastructure.

BUILT FOR YOUR VISION

We bring your vision to life to help meet the unique demands of your project. From custom-built two-story designs to innovative outdoor viewing spaces and more, we deliver tailored solutions that adapt to any environment, offering unparalleled flexibility and creativity.

Whether you need glass walls, custom parapet graphics, elevated atriums, or advanced HVAC systems, our team works with you to craft structures that stand out and perform flawlessly. No matter the project—construction, events, agriculture, or more—WillScot Clearspan frames the possibilities and turns them into reality, right from the start.

DESIGNED WITHOUT LIMITS

Our specialty solutions include:

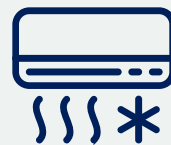

Power distribution and advanced lighting setups

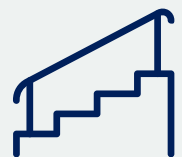

Glass walls, hard walls, and custom door systems

Flooring, railings, and exterior graphic treatments

Custom-built HVAC units and delivery systems

Two-story atriums and multi-level structures

The possibilities are as limitless as your imagination. Build with freedom. Build with WillScot Clearspan.

Your Options Are Endless with WillScot Clearspan

Let's work together to redefine what's possible. From large-scale gatherings to breakroom spaces, temporary warehouses, or emergency shelters, our specialty structures are designed to meet your unique needs and exceed the highest expectations.
