

RIGHT FROM THE START

FLEX[®]

TEMPORARY SPACE THAT GOES FAR BEYOND ORDINARY

WILLSCOT
TM

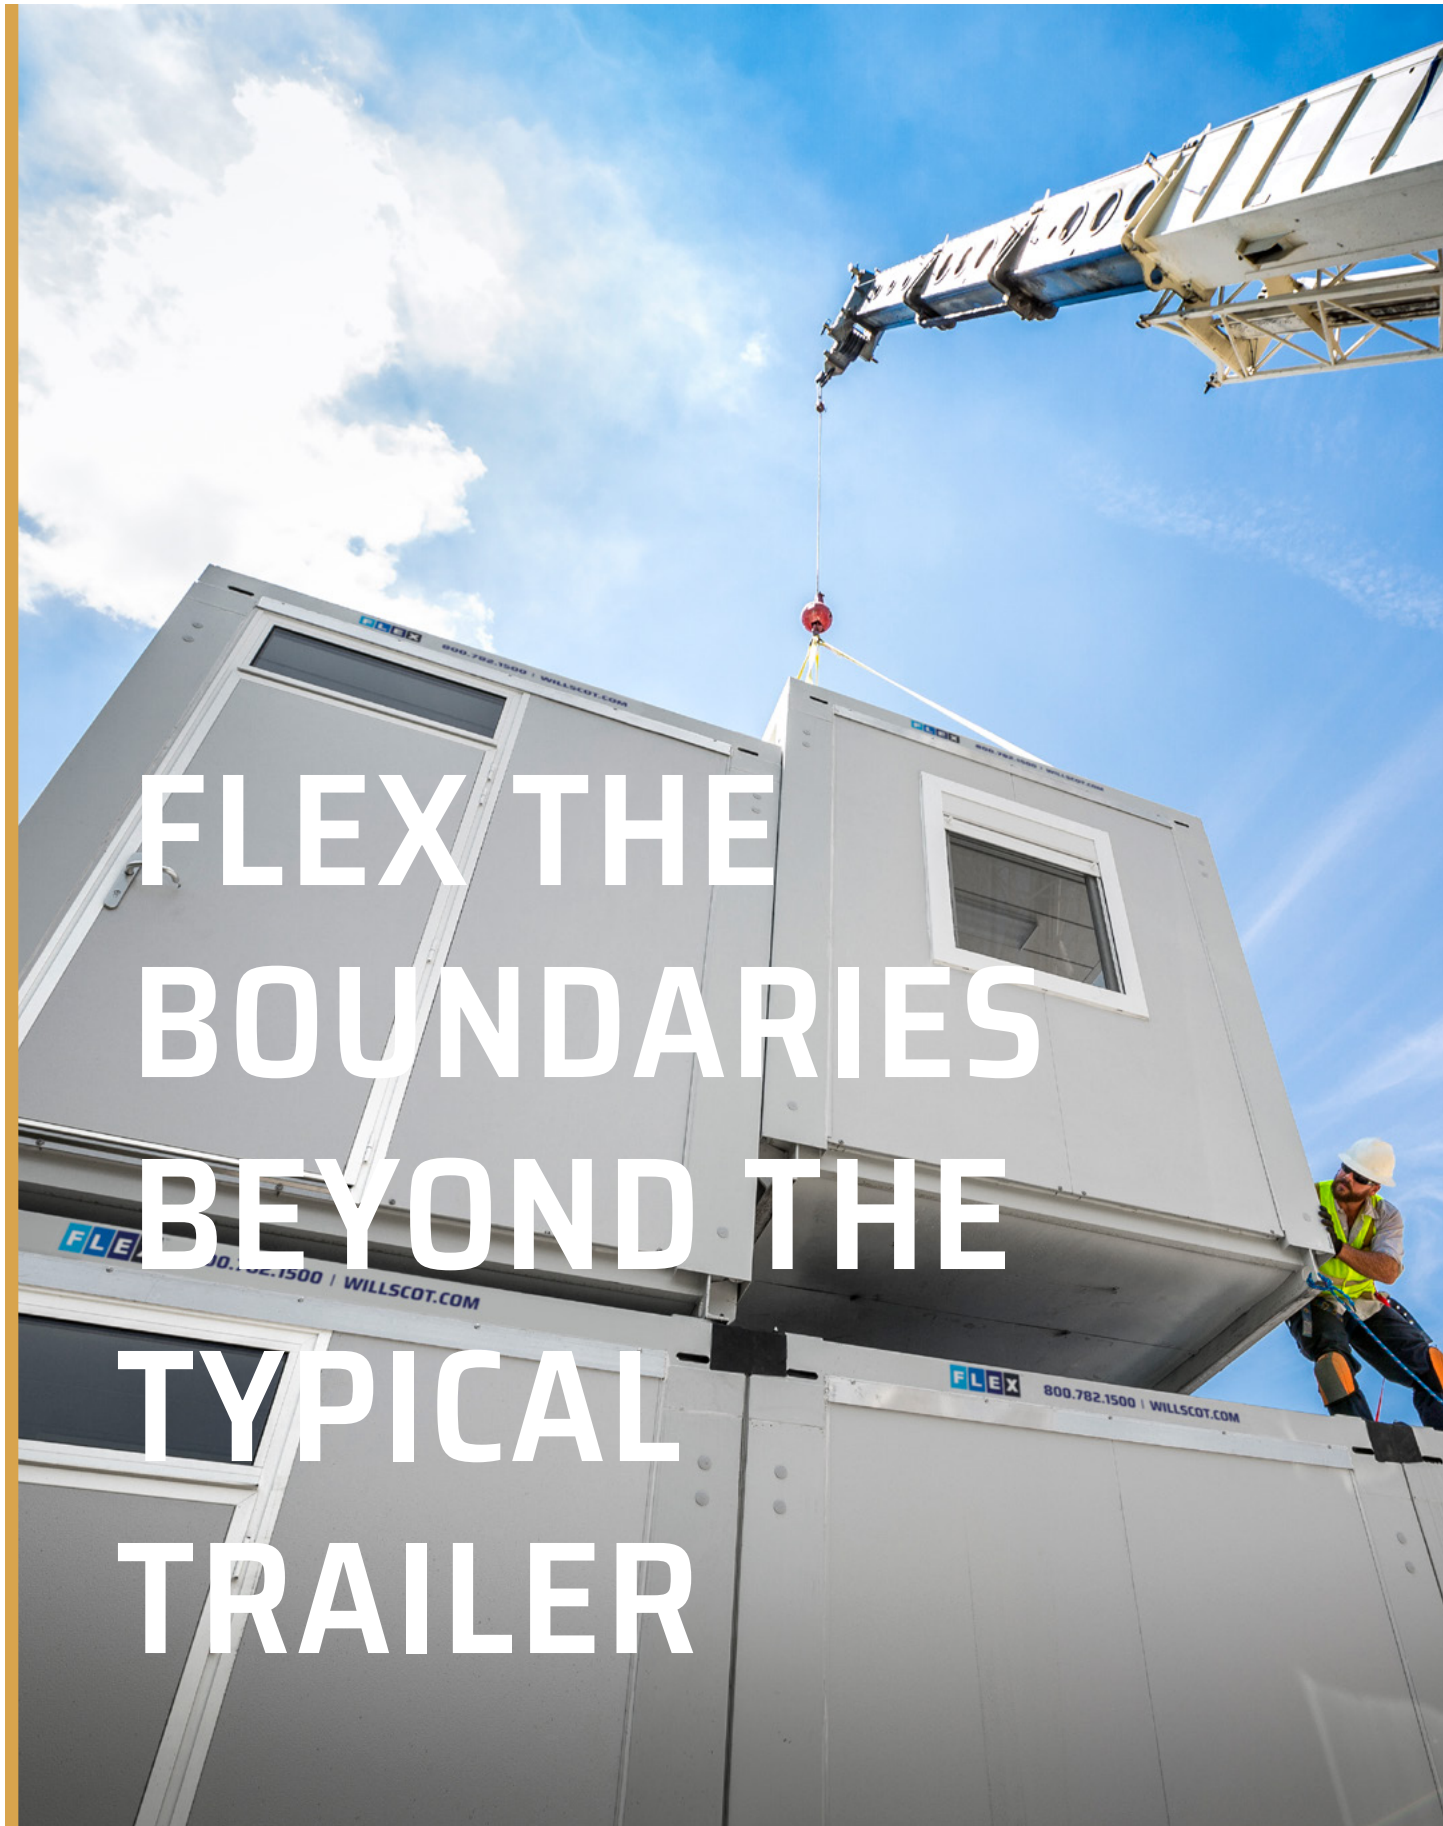

SPACE SOLUTIONS | 800.782.1500 | WILLSCOT.COM

A total evolution in temporary workspace

Get modular workspace that's completely flexible to your needs. FLEX® is the ultimate in versatility with nearly unlimited configurations, both inside and out. Connect two units end-to-end and as many as you like side-by-side, then stack up to three stories. Plus, everything you need comes with it, from windows and walls to furnishings and fixtures.

FLEX™

FLEX THE BOUNDARIES BEYOND THE TYPICAL TRAILER

Adaptable footprint

With a single unit only taking up the space of a parking spot, FLEX fits where traditional trailers can't. Connect two units end-to-end, then place as many as you need side-by-side and stack up to three stories. Limited site access? No problem. FLEX units can be lowered by crane into even the tightest, most restrictive spaces — even on top of a skyscraper. No matter what your project calls for, FLEX allows you to put the right space together.

Awesome aesthetics

Unlike traditional trailers, FLEX looks and feels like premium office space — because it is. Every detail is clean and modern, both inside and out. With large windows, sleek steel and glass window panels, contemporary furniture and carpeting, motion-activated LED lighting, flat screen TVs, ADA-compliant stairs, added security, and more, FLEX lets you configure a space that motivates your people and impresses your customers.

Absolute configurability

Movable panels mean you can make your space into whatever you need it to be. Upscale office, entertainment suite, broadcast stage, retail store, locker room, sales center, training room — FLEX does all of this and more. Create wide-open expanses with lots of natural light or configure the space with partitions to separate teams. Make it short, long, thin, wide, small, or tall. With FLEX, there's no shortage of configurations.

Tailored to your specific needs

With FLEX, endless configurability makes it easy to create a workspace tailored to the specific need of your jobsite.

Entrance canopies protect your space and your team from the elements

High-grip surfaces help protect from slipping in any kind of environment

With FLEX, you have the option to add ADA ground-level steps and ramps for first-floor entry, as well as ADA-approved multi-story steps for two- or three-story complexes. These solutions can be accompanied by an optional canopy over the entrance.

ENTRANCES

From ground level to multi-story offices, configure your FLEX units with accessible, fully adjustable ramps and steps that allow your team to get inside on day one.

Choose from a full range of ADA- and OSHA-compliant step and ramp solutions

Access any level of your FLEX complex with step options for two- and three-story offices

FLEX offers a modern, customizable design that provides the utmost flexibility, including door and window placement. WillScot experts assist with arranging these features to meet your needs and adapt as they change, whether that means swapping panels or expanding your unit.

DOOR & WINDOW OPTIONS

Customize your office with the ideal balance of natural light and privacy. Select from various doors and windows to achieve the desired light levels and aesthetic.

STANDARD WINDOW

- Energy-efficient dual-pane tempered glass
- Decreases exterior noise
- Includes blinds for privacy and light control
- Configure with security screens

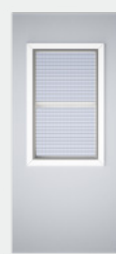

LARGE FORMAT WINDOW

- More visibility for overseeing job sites
- Energy-efficient dual-pane tempered glass
- Reduces exterior noise
- Includes blinds for privacy and light control

TICKET WINDOW

- Designed specifically for the events industry
- Tempered glass increases window strength
- Can slide horizontal

SECURITY SCREENS

- Provides security from unwanted entry
- Protection from falling objects
- Compatible with standard window

STANDARD DOOR

- Steel construction
- Insulated for proper sound dampening
- Increased level of privacy

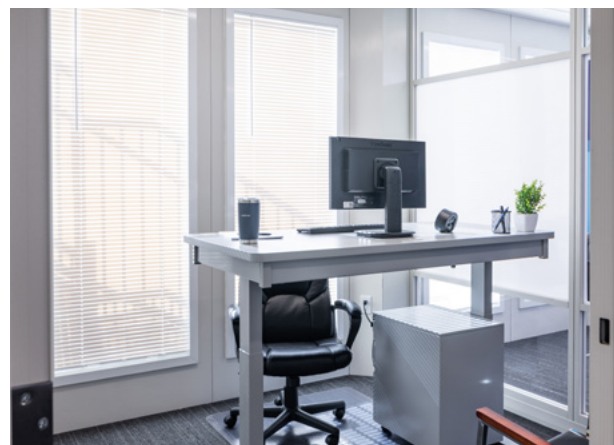

LARGE FORMAT DOOR

- Large format windows for increased visibility
- Includes blinds for privacy and light control
- Premium experience for employees and visitors
- Optional double-door configuration available

Large format door

Large format windows

Choose from solid steel panels or upgrade to frosted glass panels for a more upscale aesthetic

Choose from solid steel panels or upgrade to frosted glass panels for a more upscale aesthetic that lets in more natural light. You can even reconfigure the space later, adding or removing panels as your needs change over time. Whatever you need for your office space to be ready to work, FLEX panels can make it happen.

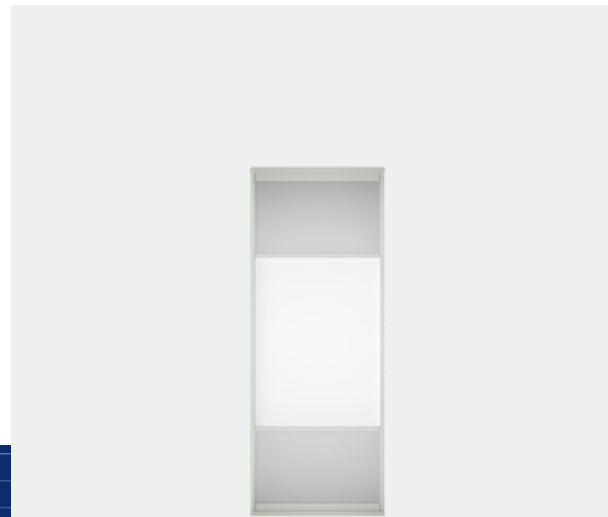

PANEL & WALL CONFIGURATION

The panelized design of FLEX offers limitless partition options so you can customize your space with a sleek, modern aesthetic.

Rolled steel walls allow for hanging with magnets

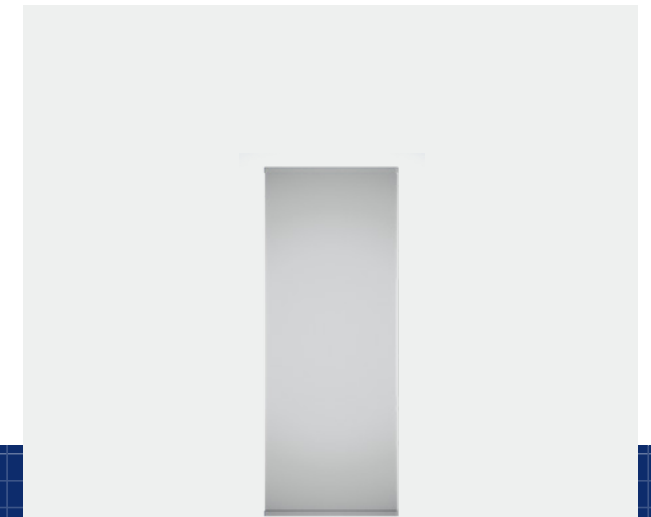

Frosted panels double as a dry-erase board

THE GLASS PANEL

Modern aesthetic
Allows for the transfer of natural light
Frosted panels also serve as dry-erase board
Allows you to create multiple sizes

THE STEEL PANEL

Insulated panels create proper sound dampening
Rolled steel walls allow for hanging with magnets
Allows you to create spaces in multiple sizes

Create a VIP lounge space for a sporting event or concert

High-grip surfaces help protect from slipping in any kind of environment

Equip your FLEX office with ADA-compliant desks on an outdoor deck for meetings and gatherings. This versatile setup can also serve as a VIP lounge for events, enhanced by metal handrails for safety and high-grip surfaces to prevent slipping, ensuring a secure and adaptable environment.

VIEWING DECK

Monitor the jobsite, impress customers, or create an open-air break space with viewing decks for multi-story FLEX buildings.

Configure your FLEX office with ADA-compliant decks for outdoor meetings

Metal handrails keep teams safe during project oversight from the viewing deck

Large magnets attach to the interior and exterior steel panels for even more configurability

Durable steel panels act as a perfect surface for vinyl installation and removal, both inside and out

Maximize your brand's visibility from afar and captivate a wide audience at busy events with custom vinyl wrapping. These wraps provide a unique chance to create a striking impact in any setting.

CUSTOM BRANDING

Make your FLEX office space instantly recognizable to your customers and team members with custom vinyl wrapping that highlights your unique brand.

Wrap seamless branding across large format windows for increased privacy while maintaining full visibility
