A BETTER WAY IN EVERY WAY

EVERYONE'S PRODUCTIVE IMMEDIATELY

Your people can get on the internet and get right to work, and you can focus on more important things than managing a wire-up.

COSTS ARE CONTROLLED

We're much less expensive than hiring a wiring vendor. There's no damage billing on return. And your own people don't have to mess with it.

EVERYTHING WORKS

We pre-test every port, so your unit arrives ready to rock. And if a switch fails, we replace it free. No maintenance, no worries on your part.

YOUR ISP HOOKUP IS PLUG AND PLAY

ISP access points are pre-fitted and ready to be connected on day one. If you have multiple floors, a single demark point can be connected to make your entire space live.
Multiple port placements in every office and common area

- Predetermined port placements are one less thing to think about and ensures you have access where you need it
- Powered data ports fully support VoIP functionality
- Single external ISP hookup point gets you online faster

WHAT'S INCLUDED?

- Min. 6 VoIP capable ports per trailer/unit
